Trustee Hietpas

**ALSO PRESENT:** James Fenlon, Laurie Decker, Lieutenant Slotke, Jim Moes, Teri Matheny,  
Jeff Elrick, Kurt Geiger

**Public Appearance for Items not on the Agenda**

None

**Approval of Minutes**

Minutes of the Regular Board Meeting of September 20, 2017

*Moved by Trustee Elrick, seconded by Trustee Peterson to Approve the Minutes of the Regular Board Meeting of September 20, 2017*

Ayes 7, Nays 0 – Motion Carried

**Operator License Approvals**

Hyden-Cook, Shirley	Walgreens	Little Chute
Geiger, Kelsey	Walgreens	Appleton
Grant, Daniel	Walgreens	Neevah
Her, James	Walgreens	Appleton
Johnson, Heather	M's Bar	Appleton
Vande Hey, Sara	Walgreens	Little Chute

*Moved by Trustee Smith, seconded by Trustee Peterson to approve Operator Licenses as presented*

Ayes 7, Nays 0 – Motion Carried

**Discussion/Action—2018 Health Insurance**

Director Matheny advised that Open Enrollment for Health Insurance is set for October 2, thru October 27, 2017. Health Insurance is provided for three groups, Village Employees, WPPA and Annuitants and will be effective as of January 1, 2018. Anthem is not participating in the State of Wisconsin Local Group Health Insurance. Lowest cost plan for Outagamie County is Network Health which is what is recommended. Trustee Hietpas asked what the rate is to opt out of the Health Insurance Plan, Administrator Fenlon stated it is \$4800.00 annually for the family plan paid and is paid out monthly.

*Moved by Trustee Peerenboom, seconded by Trustee Smith to approve Health Care for the Annuitants as recommended*

Ayes 6, Nays 0, Abstain 1(Peterson) – Motion Carried

Director Matheny expressed that Network Health is the best option for Village Employees and is recommending staying with the 10% employee contribution but also presented a 12% option.

*Moved by Trustee Elrick, seconded by Trustee Peterson to Approve Health Insurance Information as presented with a 10% employee contribution as recommended*

Ayes 7, Nays 0 – Motion Carried

**Discussion/Possible Action—2018-2022 CIP**

Director Matheny asked to move the 2018-2022 CIP before the 2018 Public Works Budget on the Agenda.

Director Matheny stated the information presented is for information only and plans to have the budget finalized for the board meeting on November 1, 2017. Director Matheny advised the board to call or email her with any questions or comments.

**Discussion—2018 Public Works Budget**

Director Elrick presented documents for the Public Works budget and is requesting approval for the hiring of at least two Public Works Employees along with any replacements needed due to retirements.

Director Elrick feels this is necessary as the Village continues to grow, to be able to keep up on infrastructure, lawn services, snow blowing and also doing more work in house instead of hiring out.

Administrator Fenlon advised how well the Village is maintained and has received numerous compliments from residents and also nonresidents. Trustee Elrick asked about the floor scrubber that was purchased, and Director Elrick stated they will use this daily to keep the building clean. Trustee Elrick asked if Building Services could do this work and Director Elrick did not feel that is something we would want them to do as all the trucks would all have to be moved out and staff is able to clean the floors as different vehicles are away from the garage.

**Unfinished Business**

None

**Items for Future Agendas**

None

**Adjournment**

*Moved by Trustee Peterson, seconded by Trustee Smith to Adjourn the Committee of the Whole Meeting at 7:50 p.m.*

Ayes 7, Nays 0 – Motion Carried

INFORMATION FOR VILLAGE BOARD CONSIDERATION

**ITEM DESCRIPTION: Merit and Bonus Policy Discussion- UPDATED**

**PREPARED BY: Village Administrator James Fenlon** 

**REPORT DATE: September 29, 2017**

**EXPLANATION:** At Regular Board meeting in August and September, we discussed the potential for a merit/bonus policy for Village of Little Chute team members. For background, I have those IFCs. Our primary goal in this effort is reward top performers and recognize group or individual action that go above and beyond expectations in the service of our residents.

While it is clearly acknowledged that there is not widespread support of one way to provide for merit over another, the recommendation below is to start incrementally. This would allow departments to determine the effectiveness of achieving the main goal (rewarding top performers and recognizing group or individual action that was above and beyond the expectations). The policy would have the primary tenets as follows:

1. For every FTE within each department, the department would be allotted 4 hours of compensatory time (ex. 3 employee departments would have 12 hours). That "bank" of time would be awarded to high performers or exemplary actions in the form of compensatory time off as recommended by the department head. Each department would notify the administrator of a pending award and with approval, that time would be credited to the employee or group of employees. The allotment would then be reported to the board at a future date.
2. For every FTE within each department, the department would be allotted a total of \$50 per FTE (ex. 3 employee department would be allotted \$150). That line item would be awarded to high performers or exemplary actions in the form of gift cards in \$25 increments as recommended by the department head. Other outlays could be utilized in providing for individual department merit/bonus in the forms of morale and welfare type activities. Each department would notify the administrator of a pending award and with approval, that gift card would be presented to the employee following their exemplary performance. The allocation would then be reported to the Board at a future date.
3. In both instances, the compensatory time and financial allotment would be at the control of each department so they can implement in a manner that is most effective for their individual team. In all instances, allocations of time and financial resources would be approved by the Village Administrator ahead of those disbursements.
4. All financial resources allocated for the merit/bonus program would be budgeted under a single line item labeled appropriately within the Village Administrator's Budget.

The above items would be incorporated into the personnel manual in the form of a minor amendment followed by a more descriptive appendix to be inserted into the document, nearly identical to the process for the creation and formalization of a wellness policy. The text above would simply be used verbatim, so if there are desired changes, please recommend or provide those during discussion.

**RECOMMENDATION: Approve the merit/bonus policy for Little Chute team members.**

INFORMATION FOR VILLAGE BOARD CONSIDERATION

**ITEM DESCRIPTION: Merit and Bonus Policy Discussion- UPDATED**

**PREPARED BY: Village Administrator James Fenlon**

**REPORT DATE: August 28, 2017**

**EXPLANATION:** At the Regular Board meeting on August 2<sup>nd</sup>, 2017, we preliminarily discussed the potential for a merit/bonus policy within the Village of Little Chute. For background, I have attached the August 2<sup>nd</sup> IFC. During that meeting, it was clear that there was a difference of opinion between trustees on the merits of a bonus system. Regardless of views, it would seem apparent that any system implemented would have the main goal of rewarding top performers and recognizing group or individual action that was above and beyond the expectations for our employees.

Knowing that there is not widespread support of one way to provide for merit over another, or if anything at all, my recommendation would be to start incrementally to determine viability and effectiveness. This would allow staff to determine the effectiveness of achieving the main goal (rewarding top performers and recognizing group or individual action that was above and beyond the expectations). In order to better prompt and guide discussion, the following outline of a merit or bonus program could be structured as follows:

1. For every FTE within each department, the department would be allotted 4 hours of compensatory time (ex. 3 employee departments would have 12 hours). That "bank" of time would be awarded to high performers or exemplary actions in the form of compensatory time off as recommended by the department head. Each department would notify the administrator of a pending award and with approval, that time would be credited to the employee or group of employees. The allotment would then be reported to the board at a future date.
2. For every FTE within each department, the department would be allotted a total of \$50 per FTE (ex. 3 employee department would be allotted \$150). That line item would be awarded to high performers or exemplary actions in the form of gift cards in \$25 increments as recommended by the department head. Other outlays could be utilized in providing for individual department merit/bonus in the forms of morale and welfare type activities. Each department would notify the administrator of a pending award and with approval, that gift card would be presented to the employee following their exemplary performance. The allocation would then be reported to the Board at a future date.
3. In both instances, the compensatory time and financial allotment would be at the control of each department so they can implement in a manner that is most effective for their individual team. In all instances, allocations of time and financial resources would be approved by the Village Administrator ahead of those disbursements.
4. All financial resources allocated for the merit/bonus program would be budgeted under a single line item labeled appropriately within either the Village Board or Village Administrator Budget.

The goal of this discussion is to obtain preliminary approval on the structure of a formal policy to be brought back for final Board consideration.

**RECOMMENDATION: Provided for discussion with the goal of obtaining final direction for a policy to be brought back for formal action.**

**INFORMATION FOR VILLAGE BOARD CONSIDERATION**

**ITEM DESCRIPTION: Merit and Bonus Policy**

**PREPARED BY: Village Administrator James Fenlon**

**REPORT DATE: July 22<sup>nd</sup>, 2017**

**EXPLANATION:** The goal of this memo is to engage the Board in discussion and determine the direction for the Board of Trustees on the topic of a merit or bonus policy for the village workforce. While this item is labeled as discussion/potential action, the goal is to better understand the vision of the Board on this matter, along with some limited direction to better inform staff.

I have included some basic guidelines on policy formulation for bonuses, but you are ultimately responsible for determining the scope of this effort. To provide some simplistic background on merit and bonus programs, I have included two short articles on the topic. The first is from the Society for Human Resource Management (SHRM) and the second is a brief article published by Forbes.com.

By way of organizational background, in 2015 the village conducted a comprehensive wage and compensation survey. The results of that survey and report were adopted in late 2015 and implemented in 2016 as an updated wage table for non-represented staff. Three things stick out from that effort, as it relates to a merit and/or bonus program in the village of Little Chute.

1. Annual reviews are to be based upon annual performance and moving up in steps is predicated upon said performance
2. We viewed total compensation (all benefits), not just wages, as a guiding point for the conversation on wages.
3. Merit and bonus has been discussed in 2015 and through the 2016 review of the personnel manual, but never funded in budget, nor a formal policy introduced, adopted or approved.

Staff, primarily at the Department Head level, have had numerous conversations with regards to what an ideal merit policy could be. The first thing that is apparent is that each department is different, but certainly one thing is consistent, department heads are concerned with creating a policy that would drive division amongst their teams. Here are some things to consider as you create an effective merit policy:

1. Equity – Regardless of what the policy is, it must be defensible from an equity perspective. This means that if an employee is to receive a bonus of any sort, it must be defensible and transparent. If there is any doubt in this matter, the policy or practice in and of itself will have detrimental impacts across the organization.
2. Complexity – If we are executing a program under the current administration and payroll configuration, then the less complex the better. The more complex system adopted and implemented will need time and resources to implement and administer. In addition, as the village has no formal human resource staff, it would behoove of us to refrain from an overly complex system.
3. Effectiveness - It accomplishes the goal set forth in the policy, namely, rewarding employees for going above and beyond in their work.
4. Cost – A private sector type bonus program would not be consistent with the village's total compensation philosophy. In addition, our commitment to being responsible to tax and rate payers, if we adopt any system it should be at a responsible level.
5. What are other communities doing? Most communities do not have a merit/bonus system that is clearly defined and made widely available (publicized). Those that do, generally larger more progressive organizations, have well defined plans and a more advanced human resource capability.

**CONTINUED ON FOLLOWING PAGE**

With the above being known, the following is a general framework of what would be recommended for a merit and bonus policy to be brought back for formal board consideration:

1. Reallocate resources from the annual employee dinner (roughly \$4k annually) to a merit based line item within the Village Board budget. While this would end the employee dinner, it's a strategic reallocation of resources and each year, there are less and less front-line employees taking advantage of the benefit.
2. A portion of the reallocated line item within the budget would be allocated in an equal fashion to departments (roughly 75% of total line item funded). Each department would come up with a plan to allocate those resources for their team. Examples could be gift cards, team building events or "buying" time off (specific details to be determined by formal policy).
3. Department head plan and allocation would be approved by Administrator annually.
4. A second portion of the line item would be allocated (remaining 25%) to the Board to administer "bonuses" or merit type efforts under the advisement of the Administrator. This would allow the Board to recognize department heads or other employees who have exceeded expectations throughout the year.
5. If the Board of Trustees determines this is the vision of the bonus/merit plan, then a formal policy will be drafted and adopted by the board outlining the way in which the program will be administered. The formal policy would be added to the personnel manual as appropriate.

**RECOMMENDATION: Provided for discussion with the goal of attaining direction for a formal policy to be brought back for future action.**
