## **Water**

### **Street Notes May and June:**

- Started water break excavation restoration. Roughly 13.50 yards of concrete on Buchanan Street and Hagen Court.
- Received a call Wednesday May 29th evening approximately 6:30 from Jerry from MCO informing Public Works that a hydrant was struck by a skid steer while performing restoration on the Bohm Dr. Project and broke at the main line valve and possibly protruded into our sanitary sewer. MCO was able to close valve and stop the flow. Crew was called out to jet gravel and open up restricted line but got jetter hose stuck in gravel. Notified businesses of the issue. Had no overnight issues retrieved hose the next day. Both water and sanitary lines were repaired and we got the jet hose stuck again had to call speedy clean to help remove the gravel. The crew went back on Friday to clean line.
- The following water break excavations with hot mix asphalt were restored in June:  
Hagens Court – 326 sq. ft.
