Public Hearing—2022 Concrete Assessment Projects

Moved by Trustee Elrick, seconded by Trustee L. Van Lankvelt to Enter into the Public Hearing

Engineer Murawski introduced the Engineering staff and let residents know handouts were available regarding the project. He also advised that after the presentation the engineering staff would be available for specific home owner questions. Engineer Murawski addressed the petition received to prevent sidewalks on Tulip Trail and Golden Hill Court. He went over the Village ordinance in regards to sidewalks and the section for exceptions and stated that Gardenia Drive and Tulip Trail do not fall into the exemption category. His recommendation is to install sidewalks on Golden Hill for safety reasons and to also prevent future assessments for sidewalk to property owners that have previously paid. He also explained that sidewalks are required in the restrictive covenants for Crosswind Estates. Ben Koeher, who initiated the petition stated that there isn't enough traffic for sidewalks and he interpreted the ordinance as to roads where there is not a lot of traffic. Engineer Murawski stated that the street has been narrowed and people are walking in the streets so sidewalks are necessary.

Moved by Trustee Elrick, seconded by Trustee L. Van Lankvelt to Exit Public Hearing
