Ayes 5, Nays 0 – Motion Carried

Community Development Director Kittel presented a rezoning request for lots on Patriot Drive. The request is to rezone 5 lots on the southside of Patriot Drive from Commercial Highway to Residential two-family. This request is within the housing goals of the Village. This has been reviewed and by the Plan Commission which recommends approval by the Village Board. Mr. Thomas Vanden Hoogen, 522 W Elm Drive, raised traffic concerns in the area. Mr. Norbert Weyers, 310 W Elm raised concerns about access roads to property. Director Kittel stated at this time we are simply looking at zoning, any potential items for future developments would be a separate review process and items such as access would be addressed. At this point just the zoning is being reviewed. Ms. Jean Zornow, 518 Elm, asked if there was a road in the middle. President Vanden Berg explained the lots have not been planned or designed yet, what portion of the lot is going to be used is not determined at this

time. Ms. Faye Erickson, 412 W Elm asked about the type of houses being built. Director Kittle stated there is no information at this time about what could happen in regards to lots or types of buildings. This is a high level look at just zoning. They could only be two-family or single family as well. Mr. Peter Heesakker, 312 W Elm asked about the timetable for the next step of the review process and how will neighbors be informed or involved with development. Director Kittle stated residents will be part of the process, a secondary review process may be needed all residents would receive a letter informing them of preliminary and final plats with much more information and details available. Information will be provided to residents about Plan Commission meetings as well as Village Board so they can be a part of the process. No timeline is available at this time. Ms. Delores of N228 Pine Crest Bld Appleton, brought up concerns about traffic and thinks it's a good use for the property.

Moved by Trustee Elrick seconded by Trustee L. Van Lankvelt to exit Public Hearing.

Discussion/Action – LCCAN Expansion Cost Review

Administrator Bernhoft a follow up of the LCCAN Fiber Expansion project. After staff reviewed internally to review analysis of long-term implications for the Village. Ms. Diana Sepe, IT Director of Little Chute Area School District, was available for questions and history on the project. Trustee Peerenboom asked about the school's future not being reconnected with other expansions of CAN. She stated with this particular project there is a segment the school district is going to partner on, the redundant connection. Future possible projects could be other school districts connecting through, it is on the other school districts to bring the projects forward, they do have other options. Director Remiker-DeWall stated American Rescue Plan Act (ARPA) dollars would be used for this expansion. Trustee Peerenboom asked for more clarification on the leasing of a section to a future water tower. Director Remiker-DeWall stated the cost to construct this is prohibitive compared to a lease option that could exist for about \$4200, which is not cost effective. Ms. Sepe stated they had looked at the leasing cost for the segment in question due to the construction costs. If the other segments were to be built vs lease untold number of benefits are possible for the Village. The ability to expand out to other areas, more technology can be brought in, we would have the ownership of the infrastructure with many possibilities. A lease would not be cost effective looking forward and to future possibilities and benefits.

Moved by Trustee Peerenboom, seconded by Trustee Elrick to approve the staff recommendation of the LCCAN Expansion not to exceed \$449,510.

Director McDonald stated staff had counted 13 in one area with at least 4 fawns spotted. Staff is recommending this event be approved for one more year, after which an analysis will be taken on the herd. Director McDonald would like the board to start thinking about the concept of maintaining an urban forest, not manage animals. Trustee L. Van Lankvelt asked how many deer were taken last year. Director McDonald stated one deer was taken. Of the four approved hunters, three did not participate. Due to the approval process, they could not be replaced in a timely manner. Trustee Elrick asked how we could avoid that situation in the future. Director McDonald stated staff could provide a list of hunters should someone not be able to attend.

Item For Consideration

For Board Review On: Wednesday, October 5, 2022
Agenda Item Topic: Trick or Treat Event Timetable

Prepared On: September 20, 2022
Prepared By: John McDonald
Parks, Recreation, & Forestry

Report: The Village of Little Chute has always worked in unison with the Village of Kimberly to host Trick-or-Treat. Primarily this benefits the Fox Valley Metro Police. In 2021 the Village board updated the holiday event hours from 5:00pm to 7:00pm. The event took place on Halloween.

Staff would propose the event be held on Halloween, Monday, October 31st, 2022, from 5:00pm to 7:00pm. The Village of Kimberly has already accepted this time frame.

Fiscal Impact: n/a

Recommendation/Committee Action: Staff is requesting that Village Board approve the 2022 Trick or Treat Community event as proposed.

Respectfully Submitted,

John McDonald
