

2026 TERRACE TREE APPLICATION

The Village of Little Chute has budgeted money to plant trees on the terrace for any taxpayer that would like to purchase them. **Your cost per terrace tree will be \$100**, with the balance being paid with budgeted money. All applications are handled on a first-come, first-serve basis, as long as the budget money lasts. **Village staff will plant the trees**, which are balled & burlaped with a minimum of a 1.5" trunk diameter, **starting in Fall** as specified by the Village Forestry Manual. Property owners may specify a particular species of tree, but the final determination will be made by the Forestry Department to avoid dangerous and costly maintenance of trees, and to assure the "right tree" is planted for the future. Property owners must have curb and gutter before they can have terrace trees. Available terrace tree options and pictures are provided.
